This edition also covers activities from our Chamber's activities in 2022. The magazine serves as a guide for visitors and for citizens those who recently moved here or have lived here for a lifetime. It's particularly geared to our business community and each of us who has a vested interest in the continuing mission to develop this great place to live, work, and play.

Botetourt County is an ideal environment for business and family. Major markets and resource bases are located within a few hours of here and the labor pool is strongly supported with educational and training venues. As an area for arts and culture, Botetourt offers a wide range of amenities with attractive shopping and entertainment opportunities. Outdoor recreation in Botetourt County, including many square miles of Jefferson National Forest and rivers, is second to none in every season.

ANNIVERSARY

Botetourt County, a repository for many forms of historical information, was founded in 1770. Lord Botetourt, for whom the County is named, served as Governor of Virginia. The County is now part of the Roanoke Metropolitan Area, though in early times its lands extended as far west as Illinois and Wisconsin. The County shares the Southern Shenandoah Valley with its neighbor jurisdictions of Roanoke County, the cities of Roanoke and Salem, and the Town of Vinton.

Welcome to our beautiful County and all that it offers. We invite you to visit or call the Chamber for more information.

We're seeing BIG things happen, right here in Botetourt County.

In 2022, Munters joined the Botetourt Corporate Family. Munters relocated to the Botetourt Center at Greenfield to allow for an expansion with its new 365,000-square-foot state-of-the-art facility!

Since 2017, Botetourt County has secured \$5.2 million in Virginia Telecommunications Initiative grants to deliver broadband connectivity to 3,070 households and businesses. Universal broadband coverage is expected to be complete in early 2024, making Botetourt a great place to work remotely!

In the past two decades, Botetourt County has supported businesses to create over 3,000 jobs and \$500 million in investments. Our Economic Development Team is committed to assisting our businesses with creating job opportunities and investments that make Botetourt County a great place to be.

26 East Main Street Fincastle 540-473-0148 As Botetourt County once stretched from the Mississippi to Illinois, and included what would become Kentucky, parts of Ohio, West Virginia, along with numerous other counties, it's not a surprise that many families can trace their origins back to Botetourt. As a result, one of our most requested and used services is research dealing with genealogy.

Botetourt County has a unique way of inspiring artists—Those who live here and those who visit. The visual arts often depict the natural lands and environment, but also the rich colors and patterns. A similar creative expression spills over into the performing arts. It's all inspiring!

Botetourt County has three towns and about a dozen communities, depending on how you designate them.

The Town of Buchanan

Established: 1832

Location: eastern part of Botetourt County; on Route 11 (parallel to US 81; between exits 162 and 168); James River at Town's north end

Area: 2.2 square miles

Population (2020): 1,196

One Way Buchanan is Unique from the Other Two Towns: the river (of course) gives Buchanan an adventurous spirit; along with the swinging bridge; come off the James and enjoy a festival or fair at Riverside Park and visit the shops in town

The Town of Fincastle

Established: 1770

Location: center of Botetourt County; US 220; about 8 miles from US 81 exit 150

Area: 2.054 square miles

Population (2020): 755

One Way Fincastle is Unique from the Other Two Towns: no doubt, there's no stronger history than this town; the quaint town with everything from wood sided farm houses to red brick shops is resurging in vibrancy, you can feel it in the air

The Town of Troutville

Established: 1956 (unnamed 1881)

Location: southern part of Botetourt County; Route 11 just north of US 81 exit 150

Area: 0.89 square miles

Population (2020): 458

One Way Troutville is Unique from the Other Two Towns: that rare straight-stretch of Rte 11 is adorned with shops on both sides, while hosting gorgeous rolling hills and farmlands merely one block off "Lee Hwy" – it's the best of both worlds

From your Director

Did You Know?

A membership in the Botetourt County Chamber of Commerce is one of the most important investments a business can make. We're the pro-business voice in Botetourt County and the surrounding region. Being a member will keep you plugged in locally and throughout the region. Hello from Beautiful Historic Fincastle in wonderful Botetourt County, Virginia.

So many great things continue to happen here in Botetourt County, and so many great and wonderful things have been happening for the Botetourt Chamber. There has been so much positive growth following a period of universal uncertainty in Botetourt County. The expansion of Broadband, additional residential development along 220 N, a resurgence in business and energy with our merchants and restaurants, and a Dairy Queen is on the way. Who would have ever thought that following a pandemic we would be seeing all of this growth? Your Chamber has also seen a banner close to 2022 with an uptick in its number of events, in both quality and attendance. We saw an expansion in our ability to give to area food banks by adding Craig County Social Services Food Bank to our list of recipients, through the sponsorship and support of our sponsors. We saw growth in our Tinsel Trail event as well.

How does this growth happen? How do we see Botetourt in the future. As you will recall, the 2022 Botetourt Living magazine was about Legacy here in Botetourt. The growth of and how we see a Future Botetourt is about vision; a vision held by each and every one of us. A vision of the generations before us. I want you to know that the Vision of the Chamber is to continue its mission of fostering and supporting a healthy and vibrant business community here in Botetourt. Helping our businesses large and small achieve their vision of success.

We look forward to serving you here at the Botetourt County Chamber of Commerce. Please visit our site at www.botetourtchamber.com and become a member or sponsor and be a part of our vision for the future.

Round up

State of the County 2022

The following information is from the 2022 Annual Report introduced by the Botetourt County Board of Supervisors and Chair, **Dr. Richard Bailey**.

Connecting Our Community

Broadband

Botetourt County received a Virginia Telecommunications Initiative grant of \$3,084,796 to serve 1,901 addresses with broadband (a total project of \$7.9 million). These additional investments will result in high-speed internet services across the entire county.

Botetourt also worked closely with internet providers to develop a community landing page to keep citizens, visitors and businesses up to date with our broadband journey: www.botetourtva.gov/broadband.

Expected Completion

This universal broadband installation project is slated for completion by the early 2024. At the end of this project, our county will have achieved universal broadband coverage for our residents and businesses.

Good Government

Botetourt received an upgraded credit rating from Moody's Investor Services. This rating translates to lower interest rates when the county borrows funds, which means the County spends less money to finance larger capital projects (which can also be utilized in other ways to serve citizens). A credit rating is a tool used by investors that represents our overall financial health and responsibility.

Closing of Landfill with ZERO Cost to Residents

One of the biggest cost savings to our citizens was the closing of our Botetourt County Landfill with ZERO cost to residents. This was made possible by our partnership with GFL Environmental. The financial benefit of this partnership is approximately \$34 million.

Voter Precinct Boundary Changes

Completed state and local voting redistricting including five precinct boundary changes as a result of the 2020 census.

Leveraging Grant Funding to Help Schools

GO Virginia awarded Botetourt County grant funding of \$167,667 that will be used for the installation of ten new welding booths at the Botetourt Technical Education Center Welding Lab. This partnership will help expand opportunities for our students and build our community's workforce.

Envision 2040 Survey

The second Envision 2040 Comprehensive Plan survey was launched to gather feedback from our community to continue shaping the future of Botetourt County. This was just one of the many ways we worked to gather feedback from our community.

Reducing Fiscal Spending Through IT Improvements

Completed transition of wide area network to reduce the monthly cost of internet service to all Botetourt County government facilities.

New County Website

A new county website was developed to improve user experience, providing easier access to county services. View the website by going to www.botetourtva.gov.

A stretch of Rt. 220 was also named in his honor.

National Historians Document Greenfield Buildings

In December, Botetourt County had a visit from the National Center for Preservation Technology and Training to document Historic Greenfield.
